About Us

Pro Africa Safety Wear (Pty) Ltd a division of the Pro Secure Group, prides itself on its more than 7 years' experience in supplying the South African Industrial market with a cost effective quality range of cleaning, maintenance and safety products, ranging from specialised industrial degreasers, solvents and lubricants to general housekeeping, kitchen and laundry products and more recently a range of workwear and personal protective equipment.

When it comes to health & safety, Pro Africa Safety Wear is able to support & supply products according to the Occupational Health & Safety Act requirements.

PERSONAL PROTECTIVE EQUIPMENT.

Personal protective equipment (PPE), commonly referred to as “PPE”, is equipment worn to minimize exposure to hazards that cause serious workplace injuries and illnesses. These injuries and illnesses may result from contact with chemical, radiological, physical, electrical, mechanical, or other workplace hazards. Personal protective equipment may include items such as gloves, safety glasses and shoes, earplugs or muffs, hard hats, respirators, or coveralls, vests and full body suits.

01

Pro Africa Safety Wear make the workplace safe includes providing instructions, procedures, training and supervision to encourage people to work safely and responsibly.

Even where engineering controls and safe systems of work have been applied, some hazards might remain. These include injuries to:

- ✓ the lungs, eg from breathing in contaminated air
- ✓ the head and feet, eg from falling materials
- ✓ the eyes, eg from flying particles or splashes of corrosive liquids
- ✓ the skin, eg from contact with corrosive materials
- ✓ the body, eg from extremes of heat or cold
